

WE NEED YOUR HELP to Save Ryebank Fields

It's crunch time!

Manchester Metropolitan University's (MMUs) chosen developers will soon be putting in a **planning application** to destroy this beautiful rewilded green space, gifted to them decades ago by the People of Manchester. We are in a climate and biodiversity crisis, and Manchester has plentiful brownfield land for housing.

Please help us Save Ryebank Fields!

What happens next?

The proposed developer team will be holding a consultation in the Autumn – follow our socials and sign up to our mailing list to stay up to date.

How can you help?

1. **Sign our petition.** Tell Manchester City Council, who will decide whether to grant planning permission, that our community want to protect Ryebank Fields. Website QR code and address below.
2. **Donate.** Friends of Ryebank Fields (FORF) committee and working groups are made up of people volunteering their time and skills for free. All donations pay for specialist expertise in law and planning, and for events and campaign materials. Website QR code and address below.
3. **Email your local councillors and MP.** Template letters and addresses also on our website.
4. **Share your time/skills.** Do you have skills in PR, social media, law, ecology, graphic design? Could you offer a few hours of your time to help us win? We'd love to hear from you!
